Basket of Hope reached 332 hospitalized children in 2009. It takes the generosity of folks like you to make this happen. This is an opportunity for those of you who have attended in the past to come back for the wonderful entertainment and a chance for those who have never heard of us to find out what we are all about.

Please don't let a cold or cold and snowy night stop you from attending.

We promise a warm and exciting evening of music once you arrive at the Hoogland Center for the Arts.

Please invite family and friends to join you.
